On July 4th, we all celebrate heartfelt pride

As you gather with family and friends this July 4th, we hope you take pride in the many blessings, freedoms, and opportunities we enjoy in the United States. All of us contribute, each in our own way, to making our nation a great place to live.

As an active part of this community for 102 years, Southeast Nebraska Telephone Company has been privileged to provide the communications services you need to get more from each day. 245-5032 Our goal is to help you stay in touch with the people you care about, both here at home and around the world.

Our offices will be closed on July 4th, and we wish you a safe and happy holiday.

To order our **Yak-a-Lot Unlimited Bundle**, get off the fence and call us at 245-4451, **visit us at www.sentco.net**, or stop by our office.

All smiles at Customer Appreciation

On Friday, May 30th, Southeast Nebraska Telephone Company held their annual Customer Appreciation Night at Prichard Auditorium. 883-2398 The party began at 5:00pm and finished up around 8:30pm with face painting.

During the evening, customers and their families were treated to a picnic style dinner, along with face painting, balloon shapes and cotton candy. Everyone enjoyed games

of egg toss, water balloon toss, shoe toss, a hula hoop contest, a puzzle contest and longest ball toss.

Our employees also delivered over 100 meals to individuals who were unable to make the event. We hope all who attended had a fun evening. We thank you for your business throughout this year and look forward to seeing you again next year. 245-4080

Were you prepared for the recent storm in Falls City?

Storm season has arrived - is your family ready? One item to have on hand is a corded phone, since it does not require electricity and could be your only lifeline in the event of the storms.

Please keep in mind:

- Cordless phones require electricity and will not continue to work during a power outage.
- Cellular systems and towers are not required to provide backup power, so cell phones may not operate during a power outage.

Southeast Nebraska Telephone Company wants to help you stay connected to your family and friends, especially

during storm season. Our phone lines are 100% buried underground, not aerial, reducing the chance of phone line damage from lightening and wind. During the recent storms in our area, when cell phones were not working due to power outage or full circuits, our landlines were 100% functional! If you have an emergency at your home and dial 911 from your landline, unlike with your cell phone, emergency responders know your location immediately!

Please don't take any chances. Keep your family safe and maintain at least one corded landline in your home!
